

calico::sensors::Gyroscope  
Model

```
graph BT; A[calico::sensors::GyroscopeScaleAndBiasModel] --> B[calico::sensors::GyroscopeModel];
```

The diagram illustrates a class inheritance relationship. A light gray box at the bottom represents the base class, `calico::sensors::GyroscopeScaleAndBiasModel`. A dark gray box at the top represents the derived class, `calico::sensors::GyroscopeModel`. A blue arrow points from the base class box to the derived class box, indicating that the derived class inherits from the base class.
